

Andrea Seidman, has an amazing program here that other centers try to emulate. Our daughter attended A Child's World for Kindergarten & then tested into 2nd grade!

We love each & every person at ACW that has touched our children's lives. Miss Kathryn is the best in accommodating parents, & ensuring the kids are on the best track for the best learning experience.

We can not say enough good things about ACW, & will miss everyone very much.

We can only hope all families can experience this amazing place like we did! Sincerely,
Laura Wolf

Hello!

Oct, 2011

Let this be an open letter to any parent/guardian who is seeking quality daycare for their child(ren).

You need not look any further! A Child's World is the best choice you could ever make in child care.

We have had both our children attend ACW since their infancy thru First Grade. Not only did all the teachers & staff care for, & shower our kids with love like they were their own kids, but they laid the perfect foundation for a life-time of learning.

ACW is not a babysitting center, it is a top-notch, unbeatable, learning & enrichment center. From Munchkins to Rainbows, the kids were always excited to learn. The curriculum Director,
