A Child's World
183 Bristol Oxford Valley Road
Fairless Hills, PA 19030

Dear Mr. and Mrs. Seidman,

I would like to take this opportunity to thank you for the learning and care your center has provided for my daughter, Sarah, over the past two years. Your educational program is progressive, imaginative, and fun. Your program and the teachers have instilled a love of learning in Sarah at a young age, which is critical to her continued growth and development as she moves to elementary school next year.

I continue to be amazed at the things she learned in Pre-K and in her current curriculum in Kindergarten. She has been exposed to general science, biology, mathematics, reading writing, and computers. She is also learning Spanish and Chinese! In addition, the field trips to the nursing home, pet adoption center, and other places teach her basic values necessary for her future success.

Sarah loves attending A Child's World and is very happy in your curriculum. She often tells me about things studied at school that are typically not studied at this age. I have already heard about plants, people, oxygen, and carbon dioxide; how weather works; her growing math and reading skills; families and growing older; and many other things. The children are encouraged to express their creativity; not only in their daily activities, but also through the presentations, plays, and costumes they develop for parent programs.

Thank you so much for everything you have done for her. It has been a wonderful, enriching experience for both of us.

Warm regards,

A handwritten signature in cursive script that reads "Susie Merchant". The signature is written in black ink and is positioned above the printed name.
